

All Fools Day saw a small group in Basingstoke ready for a good days green roading. As there were fewer vehicles we were able to do a bit of trail blazing **and had an excellent** day in the area between Basingstoke and Andover. Unfortunately we had to stop in midafternoon as Toby decided to blow a hole in a core plug. Those of you familiar with the 2 litre engine won't need telling that it was the one at the back, an inch in front of the bulkhead. If you saw me leading along the Ridgeway from someone else's passenger seat you know why.

It has been suggested that we form a comp safari team, buying a racer between us, the aim is to get things going during the summer in order to start in earnest next season. Anyone interested please contact Roger Pattie or me as soon as possible, unfortunately not everyone can be the driver!

FUTURE EVENTS

Due to the Ridgeway run at the end of April and the Bank holiday there will be no Green roading in May.

26th to 28th May. A.R.C. National Rally, Leighton Buzzard.

3rd June Green Roothing. Meet in Basingstoke at 09 30, opposite Viabes Craft Centre.

If those of you living elsewhere wish to go in areas other than N.Hants, phone me and we'll try and arrange a date for you to take us.
