# Editorial...

Not a great deal to report on editorially. My reference to the club stand at the Off Road and Four Wheel Drive Show went unnoticed by most it seems. We did receive sterling support from Colin Gross, Terry McGerr, Adrian Bolge and Allan Tew who brought vehicles along to the stand. These, along with some photo-boards and a table of information and membership forms, made a reasonable showing. The club flag was put to good use again. Dave Ridden again loaned us his mast, we really must organise a proper pole. Allan Tew has agreed to have a lookout for some aluminium scaffold poles and connectors. If anyone else has something suitable, give me a call!

## COMPETITOR REGISTRATION SCHEME

Just a little reminder that all competitors will have to complete a registration form when they enter your next event. Keep the third copy as a "temporary certificate" pending issue of a full Registration Certificate by the RACMSA. The "Temporary Certificate" will be valid for 30 days. Hand the rest of the form back to Nick Jennings with a cheque for £5 payable to "HBRO". He will forward the forms and the relevant amount of money to the RACMSA. Registration Certificates and "Blue Books" will then be sent directly to the applicant. Copies of "RAC News" and other information will be sent to the competitor's registered address.

From now on, no member will be allowed to compete unless a valid "Temporary Certificate" or a "Registration Certificate" is produced at signing-on time. The grapevine suggests that next year, a Clubman's Competition licence will be needed for all timed events, i.e. Gymkhanas, RTVs and CCVTs won't need anything special. Keep your fingers crossed. That would be a relief for the treasurer too!

## Secretary's Scribble.

There was no shortage of support for our 12 entrants in this year's Nationals. 29 units made the journey to Cannock (albeit eventually - ask John Bull)

Being a non-Rover driver at the moment (long story!) this year gave me a chance to see how it should be done, or not be done as the case of the HBRO.

After last year's bonnet-full of trophies, all we managed was a 1st overall Ladies (well done Tracey), a first in class for R. Barker and Mick Doherty in the RTV and a second in the team recovery for Malcolm Whitbread and Brian Warn, being beaten by Ron Baker and co. of the Southern Club.

Our annual Rally saw a little less support but just as much fun. On Saturday afternoon, the two Nicks, Woodage and Jennings, took everyone on a green-lane mystery tour of Hampshire while I went off with the Wardleys on the mountain bikes. I won't say who fell off in a puddle but she didn't hurt herself.

The new barbecue was well and truly broken-in mainly by Nick Woodage and the Armies jig-saw puzzles (their tents) came in very handy.

Sunday saw a delayed start due to rain but it eventually eased enough to get in 5 sections. Nick Jennings took the trailer reversing trophy, 2 seconds ahead of Hugh Duffett. The overall winner was Mark Wardley followed by Neil Shawyer.

Don't forget the SROC invite to Battlehurst Farm on August 14-16. If enough of us go, there will be an inter-club challenge.

I have booked another factory visit for the 29th of September. I could only get 16 places so if you want to go, ring me quick!

Gary Hodgson

## Come and Play

We have mentioned several times before that setting out a trial can be great fun. Try it; and take the load off some of the others who seem to do it all the time. There are several events advertised this month. It's worth giving up the chance to compete in exchange for a whole day driving around the site while setting out!

Keep the articles and letters coming in, folks. If you're typing or printing them yourself, please make the block of text match the rest of the newsletter. For those of you with access to IBM PC or compatible computers, I can accept articles on 3½" and 5¼" discs. Better still, send document files from "XywriteIII", "DCA-RFT", "RTF", "PC-Write" "Tasword", "WordPerfect" (most versions), "Wordstar" (most versions), "Windows Write" and "Word for Windows" (versions 1 & 2) word-processors on either size of disc. If you don't have a choice, send it in anyway and I'll see if I can load it. Unless otherwise requested, I'll return the disc, and any photos sent, with your newsletter if possible. Please let me have your articles by the 10th of the month please.

## Hi There!

I know I've written this bit before, and the old hands will be getting fed up with it, but we are still gaining members week by week....

Are you a new member attending the pub meet? Please don't just "Hover" in the background! There are about 190 members in all and the regular members of the club don't know everyone by sight and so won't know whether you are new or not. We aren't ignoring you, promise! Come and say Hello.

Steve Kirby

## ARC Vehicle Regs

We are still getting new members so it might be as well to remind you that the ARC yearbooks you all have are now out of date. I have produced a booklet containing the new set. Some of you may already have one. The current issue is green and has two vehicles and 1992 on the front. The older purple ones are still OK to use but all others are now out of date. Please bear in mind the Roll-bar rules and the Scrutineering article in the ARC Yearbook are still valid. Remember too, that the regulations in the RAC Yearbook also apply to us. Members of the committee will endeavour to hand these new rule books out to regular competitors at events or club evenings. Please write to me or phone if you want me to send you one.

Note that some of the rules have just been changed again. ALL the changes will allow many currently prohibited vehicles to compete again as of January next year, so that is all good news.

## Trials, and How To Run Them.....

I thought it might be a good idea to re-issue the Trials Handbook. Never heard of it? It was originally produced by Colin Gross about five years ago. The last issue was 1987/88. Colin and I have updated it somewhat and it will be available soon. So if there is an argument about crossing tracks, looping or taking a shunt, then it will be in writing. Most clubs, including this one, tend to rely on the "It's always been done that way" method. That's fine for HBRO members, who pick up standard practices as we go along, but not for any visitors who may now be lent a copy before they compete.

Letter to the Editor....

Ruislip,  
Middlesex,  
13th July 1992

Dear Steve,

I have just been reading my copy of *Pants & Barks* (July 92) and wish to request that you publish a retraction of one of the statements in your report on the ARC meeting. Equally, if your reporting is accurate then the HBRO should be requesting a similar retraction at the next ARC meeting.

What is wrong with the comment that *A letter from Colin Gross was read out stating that Steve Barnwell had assisted in the construction of....etc.* The letter I sent to Andy Stavordale never mentioned ANYONE by name. What people may know or care to infer, is not my responsibility; but I most strongly object to being misquoted and trust that you and the HBRO will publish words to that effect.

If you don't wish to take my word for the content of my letter then I would suggest that you obtain a copy of it from Andy Stavordale.

Yours Sincerely,

C. D. Gross.

Editor's response:-

I usually remember to point out that my ARC reports may well be biased (as they have often been accused of being) but to make a misquote of a specific statement is, as Colin points out, quite inexcusable. I do not recall the exact wording of the letter now but I summarised it then in order to continue to take notes.

I apologise unreservedly to Colin for the misquote and will endeavour in the future to report specific references accurately.

## Bagshot Heath Land Rover Show 27th September 1992

This event is being organised by Chris Jones of the Series One Club. The location is, as its title suggests, on Bagshot Heath. This is where the HBRO once hoped to hold the ARC National Rally. Furthermore, this is within our "catchment" area and Chris hopes to gain much co-operation from HBRO members. Entry fee would normally be £17:50 in advance or £22:50 on the day (for a car and passengers), but any HBRO members contributing in any way will get in free. Contributing basically means manning the HBRO stand, marshalling on the course, patrolling the site and doing any other useful tasks. This should realistically enable any HBRO members to drive almost as much as they want. You may bring a caravan onto the site if you wish.

The site will be prepared well in advance but the greatest concentration of work will be on Saturday 26th September in readiness for the Sunday's event. So if you are willing to get involved, please contact Chris Jones at the address shown on the previous page.
