Editorial...

I hope you all enjoyed the National Rally. I expect to be deluged with articles about it. You don't have to be one of the nations great writers - just let us know how you got on or what you thought of it all.

Trials Handbook - Latest

The Trials Handbook seems to have met with the approval of the committee and following some minor alterations, distribution to members at club meetings has started. These are white cover drafts, but I'll do the next batch in colour to make them prettier and to differentiate them from P&B which is always white. So if there is an argument about crossing tracks, looping or taking a shunt, then the solution is now in writing.

Most clubs, including this one, tend to rely on the "It's always been done that way" method. That's fine for HBRO members, who pick up standard practices as they go along, but not for any visitors who may now be lent a copy before they compete.

ARC Vehicle Regs 1993

We are still getting new members so it might be as well to remind you that the ARC yearbooks you all have are now out of date. I have produced a booklet containing the current set and these are being distributed at events and club evenings or I'll send you one if you like. The 1994 one is also available now - just ask. Please bear in mind the Roll-bar rules and the Scrutineering article in the ARC Yearbook are still valid. Remember too, that the regulations in the RAC Yearbook also apply to us.

Come and Play

We have mentioned several times before that setting out a trial can be great fun. Try it; and take the load off some of the others who seem to do it all the time. There are several events advertised this month. Please contact the event secretary who will put you in touch with the clerk of the course. He or she will tell you where and when to meet the setting-out team so you can help with the design of the course. Please don't just turn up "sometime" during the day and expect to find them. You may not even be able to get onto the site as they may well lock up behind them to prevent "strays" getting into the land uninvited. It's worth giving up the chance to compete in exchange for a whole day driving around the site while setting out!

Hi There!

Are you a new member attending the pub meet? Please don't just "Hover" in the background! There are about 190 members in all and the regular members of the club don't know everyone by sight and so won't know whether you are new or not. We aren't ignoring you deliberately, we are probably just carrying on with the conversation we left last time! Come and interrupt.

I know I say this every month, and the old hands will be getting fed up with it, but we are still gaining members week by week....

Major's Trial Eastnor, 9th - 10th October.

Many years ago, the first ARC National Rally was run at Eastnor under the watchful eye of Major Harvey Bathurst, the land owner. As a gesture of thanks, the Midland ROC gave the Major a beautiful rose bowl for his mantle piece. After the event, he got to hear comments that the summer event was dry and easy and lacked real challenge. He was a tad annoyed by this and said "You should try it when it's cold and wet later in the year" So he threw down the challenge and arranged a trial in the rainy season and put the rose bowl forward as the trophy. Ever since then, an intentionally very difficult trial has been organised by MROC in October with the Major's rose bowl as the (returnable!) prize. It is therefore in keeping with this history that the weather is usually poor, with rain often creating slippery conditions making it very much a trial for the experienced driver. It is therefore particularly pleasing that HBRO should have once won the event under these conditions. HBRO is also the only club ever to field a team of three Range Rovers but not with the same result! Note that there are no runners-up in this classless event; it's winner take all. There are, however, additional prizes for nominated teams.

Anyone want to have a go? Please let me know so that I can make the appropriate arrangements.

HILLRALLY 1993

15th to 17th October

Following the success of the 1992 HillRally, the 1993 event will be even bigger and better. It has been granted National B status by the RACMSA.

The headquarters will be at the Baskerville Hall Hotel, Clyro Court, in the Haye-on-Wye area of Wales. Some new stages are under consideration and the precise route is only now being finalised. The Clerk of the Course wants to ensure that there is plenty of variety in terrain.

On behalf of the committee, may I thank all those clubs and individuals who assisted in the running of last year's event and contributed to its success. This year we hope to make it even more successful and that is where I ask for your help in notifying your members who may wish to compete or marshal

COMPETITORS:- Regulations are now available if you send a large SAE to:-

David Mitchell, Clerk of the Course, The Steppes, Pen-y-ball Hill, Holywell, CLWYD. CH8 8SZ.

A deposit of £50 will be required to book your entry.

MARSHALS:- Those with "86" radios who wish to assist should contact:-

David Mostyn, Chief Safety Officer, 3 Woodlands Avenue, Cheadle Hulme, Cheadle, CHESHIRE, SK8 5DD.

All others wishing to assist should contact:-

Ian Howells, Chief Marshal, 33 Gethin Terrace, Llwynceilyn, RHONDDA, CF39 9TT. 0443-682879.

Secretary of the Meeting:-

Chris Tomley, Cwm Cochen, Bettws, Newtown, POWYS, SY16 3LQ. 0686-650430 (home) 0686-626641 (business) Fax 0686-628618.

Trial at Newbury June 27th

We are holding a trial just to the North of Newbury on the 27th of June. RTV (and possibly a CCVT) will be run. The event is open to all fully paid-up members of HBRO. Entries should be on an official entry form if possible. The fee is £10 in advance or £12 on the day. Payment to Tracey. Scrutineering will be at 9:00 a.m. and the competition will start at 10:00 a.m. prompt, so please be on time. Classes will be as per ARC rules but experience has shown that amalgamations are probable. The vehicle regs in your ARC Yearbooks are now out of date. A new rule booklet is now available from Steve Kirby. Contact him for one. (Address inside front cover.) RTV will be a qualifying round for the "Red Leader

Shield" and the "Pilot Trophy".

Please come along on Saturday to help set out the sections, it's always the same few who get lumbered with this. On the Sunday, please enrol as a marshal once in a while, we'll show you how to score if you've not done it before!

War of the Roses

Here's another chance to participate in that great annual inter-club challenge, the War of the Roses. The WotR is a winching / map-reading / initiative / stamina test that lasts for about seven hard-working hours. The "War" is run by the Red Rose Land Rover Club. It is now open to any ARC club, having started out as I expect you can guess, as a competition between Lancashire and Yorkshire clubs. It is now held in Cumbria!

The date is the long weekend of the 9th to 12th of July. There is an RTV on Saturday 10th; this is usually very good. (Entry fee not known at time of going to press.) The main event is on Sunday 11th. I wasn't asked to detail the team so if you want to have a go, let me know. Cost is £18 per vehicle and we need three vehicles each with two crew to make up the team. So that's only £9 per person for a long, well designed event. Winches are essential on at least two of the three vehicles. Steve Kirby has a complete Fairey engine-driven drum winch and fitting kit for a Series I, II or III LR that can be loaned for the occasion if you have a suitable vehicle but no winch. Any ARC legal vehicle will do. If you can't compete, just come along to watch anyway. It's great entertainment. The RTV on the Saturday is open to any ARC member.

For those of you who want to make a holiday of it in the lovely Lake District area of Ayside just to the south of Windermere, you may phone the camp site on 05395-31475 to make arrangements. The camp site has full facilities with hot and cold water, showers, toilets, etc. For information on the events and/or camping, please write to:-

Red Rose Land Rover Club,
c/o Howard Blakeley,
2 Hazel, Close,
Bamber Bridge,
Preston,
LANCS PR5 6PL

Campsite:-Oak Head Caravan Site, Ayside, Cumbria.
Map Ref:- 97 - 391838.

If you are approaching from the South, leave the M6 at junction 36. Take the A591(T) towards Kendal. After 3.4 miles, turn left onto the A590(T) towards Barrow-in-Furness. 10 miles to site. It's a very tight blind left turn into the site. There's a lay-by just beyond the entrance if you find the turn-in difficult. Look out for the Red Rose signs.

Broxhead Common Weekend The Hurley Engineering Trials

We had a good entry for the trials at Broxhead Common on the 2nd of May. The CCVT was a particularly tough one as the scores reflect! The level of difficulty for the RTV was just about right with at least someone clearing each section. It was nice to see a couple of 109s competing but they had a hard time. Setting out sections to cover all eventualities is hard. If they were set out with these particular vehicles in mind, then it would be very easy for most others. What about two shunts for 109s? Any ideas to make it fairer? The number of Range Rovers is increasing again. Just a reminder to RR owners, if you run on factory standard tyres, then you qualify for the Pilot Trophy which is an annual award for the best RR on factory standard tyres.

CCVTs are certainly not guaranteed to be non-damaging and RTVs always carry some small element of risk, so this time we tried an experimental Family Vehicle Trial (FVT) for those with very new vehicles to have some kind of competitive event in which the risk of damage is (or should be) reduced to zero. This event should also be suitable for those who have never trialed or even driven off-road before. Vehicle specifications are as per RTV but the courses are very much easier and are away from rocks, trees and deep water. Support for this particular event was poor this time but it had not been publicised in advance. Mike Leonard was the only one to return a score card. We will be trying this again so any of you who would like to compete with your pristine vehicles, watch out for references to "FVT" in future event publicity. At the other end of the difficulty scale; those who find RTVs too easy, then give CCVT a try; you'll need a roll-bar though.

In the following results list, the ARC classes have been quoted although there have been some amalgamations into groups. There are two problems associated with dividing the classes up further. One is that we would need more trophies! I can easily produce certificates for 2nds and 3rds to meet the oft stated request for "places" to receive some recognition. Secondly, sorting out the scores at the end is hard work with everyone hovering for results. If someone would like to offer to help Tracey (or whoever is secretary of the meeting) with this on the day, it would help all of us. She is doing a terrific job but gets swamped at the end of the day.

We would like to thank the following without whom the event would not have been possible:-

Tracey Doherty - Sec of the Meeting.

Terry McGerr - CoC RTV, Mick Doherty - CoC CCVT.

Scrutineering - Gary Hodgson, Mick Doherty.

Marshals:- Daniel Flavell, Mick Leonard, Mick Clarke, R. Johnson, Malcolm Whitbread and others who didn't sign on.

Stewards:-Adrian Bolge, Stuart Bird.

Trophies donated and presented by Roy Bowerman of Hurley Engineering.

RESULTS:-

Hugh Duffett was the overall winner of the RTV and Mark Tester was the overall winner of the CCVT.

Beaulieu. 18th - 21st June

We are holding a social camping caravanning weekend on 18th to 21st of June. The site is in the New Forest close by the Beaulieu Motor Museum. Camping is just outside Brockenhurst in the heart of the New Forest on the Roundhills campsite rally field. We are sharing the field with the Stag owner's club who have invited us to their Saturday night barbecue. Tickets for food are £3:50 each. A new toilet block has just been installed with everything except showers. Fees are £4:50 per pitch per night.

Entry to Beaulieu Motor Museum for the Nostalgia Weekend is £5:50 each providing there are 15 people or more. This is purely a social weekend so come on down and enjoy Hampshire at its best.

Please ring Gary if you are coming or if you need more information on 0730-267146

Lend a Helping Hand

We have mentioned before that setting out a trial can be great fun. You get a whole day driving round the site for free! Try it; and take the load off some of the others who seem to do it all the time. We have the use of military sites on several occasions in 1991. It's worth giving up the chance to compete in exchange for a whole day driving around at Broxhead, Slab Common or Weaver's Down while setting out!

Events for Your Diary

*First Wednesday each month, Noggin & Natter at the Hind's Head, Aldermaston. (From 7:30 p.m. Plus Land Rover related videos if possible)

*Last Wednesday each month, Noggin & Natter at the White Swan, Bank Street, Bishop's Waltham, Hants. (From 7:30 p.m.). See OS sheet 185, SU555175 approx.

*Green-lane trips will usually be on the second Sunday of the month. See list below. If this second Sunday clashes with an HBRO trial, then it may be moved to the first or third instead. Tracey will try to book trials on dates other than the second Sunday where possible. There will be someone present to indicate rights of way on the maps. It is recommended that those involved obtain current maps of Hampshire and Berkshire, or borrow the club's set. If there is a lot of rain on the few preceding days, anticipate postponement.
