## Editorial...

The deluge of articles about the ARC National Rally has yet to start. There were lots of HBRO members there so please write about your experiences and I'll get them into print so those that didn't go can see what they missed. I know for certain that those listed below were there so get writing chaps and chapesses. As I said before, you don't have to be one of the nation's great writers - just let us know how you got on or what you thought of it all.

---

### ARC Vehicle Regs 1993

We are still getting new members so it might be as well to remind you that the ARC yearbooks you all have are now out of date. I have produced a booklet containing the current set and these are being distributed at events and club evenings or I'll send you one if you like. The 1994 one is also available now - just ask. Please bear in mind the Roll-bar rules and the Scrutineering article in the ARC Yearbook are still valid. Remember too, that the regulations in the RAC Yearbook also apply to us.

### ARC National Rally 1993

Who took part and what was the score?

<u>RTV</u>			
Class 3.			
Neil Shawyer	14	Dave Flack	39
Class 4			
Mick Doherty	3	Tracey Doherty	8
Roy Bowerman	35		
Class 5			
Nick Woodage	35		

Class 8  
J. Barber 300 (Did not start)

Class 9  
Dave Ridden 53

There were some that went clear all day, but very few. Good score Neil in a standard diesel hardtop and also a well done to Mick Doherty, just the one minor slip!

CCVT  
Class 4  
Mick Doherty Retired

Class 5  
N. Roberts 104

Class 6  
Mark Furnell 88 Steve Barnwell 102

Class 8  
Bob Barber 68 Mark Ambler 87

Class 9  
Malcolm Whitbread 71 Steve Course 71 (snap!!)  
Brian Warn 81 "J" Walker 83  
Dave Osborn 84 Dick Corking 85  
K. Willis 96 Liz Corking 180

To put the above scores in perspective, the best CCVT scores of the whole event were two at 28 followed by a 32.

#### Competitive Safari

Class 7

## Competition Numbers

If you enter a competition in a road-going vehicle and you have competition numbers stuck on, you must remove the numbers before going out on the road. The RACMSA have issued a warning that this is in contravention of rule E.6.2. and they will take action against anyone reported driving on the public road with competition numbers affixed.

## Trials Handbook - Latest

The Trials Handbook seems to have met with the approval of the committee and following some minor alterations, distribution to members at club meetings has started. These are white cover drafts, but I'll do the next batch in colour to make them prettier and to differentiate them from P&B which is always white. So if there is an argument about crossing tracks, looping or taking a shunt, then the solution is now in writing.

Most clubs, including this one, tend to rely on the "It's always been done that way" method. That's fine for HBRO members, who pick up standard practices as they go along, but not for any visitors who may now be lent a copy before they compete.

## ARC National Rally 1993

### A view from the navigator's seat

I didn't get an entry in the National Rally because I was too late sending the application in. I navigated for Tracey Doherty in the RTV and we managed 4th place behind a vehicle that should have been in another class! Anyway, she still won the Ladies Class again. She says this is awfully sexist so I suggested that she refuse it as a protest. She forced herself to accept it!!! Well driven Tracey. Mick Doherty won the class so honour was satisfied. The day of the CCVT dawned and it was \*\$%@~!!? down. (raining), This made the ground so slippery it was really rather a lottery, with luck rather than skill playing its hand and only those with lots of horse power getting anywhere. I navigated for Mick in the CCVT but it really was incredibly difficult in those conditions. After a few sections we retired as Mick didn't want to risk the vehicle too much as he had to take family and caravan home with it later. He'd won a pot the previous day so wasn't too disappointed. I then became a spectator and followed Malcolm Whitbread around the rest of the CCVT sections. He did quite well considering it was first time out with a brand new vehicle. One of the CCVT marshals turned out to be Alex Waugh and I also met Niall ???? (I can't remember his surname, sorry) who was also amazed to encounter fellow RAF-man Alex. who we hadn't seen or heard from for a while.

I had to go early on the Monday and missed the Comp Safari which I always enjoy watching. I had to fly to Manchester that evening to be ready to run a training course on Tuesday for British Airways engineering staff at the airport. While roaming about on Monday evening I found a monument celebrating the formation of the Parachute Regiment in 1940 (twenty to eight p.m.) at that site; formerly RAF Ringway, now Manchester International Airport and tennis courts. (they take the nets down when a plane wants to take off.) So finding by chance the birthplace of the Regiment that several club members belong to, ties up the story quite nicely.

## Hi There!

Are you a new member attending the pub meet? Please don't just "Hover" in the background! There are about 190 members in all and the regular members of the club don't know everyone by sight and so won't know whether you are new or not. We aren't ignoring you deliberately, we are probably just carrying on with the conversation we left last time! Come and interrupt.

I know I say this every month, and the old hands will be getting fed up with it, but we are still gaining members week by week....

An air-mail letter marked "The Falkland Islands isn't the end of the World but you can see it from here" has arrived.....

Mount Pleasant  
Falkland Islands  
BFPO 655

Dear Steve,

The Falkland islands are going into Winter, we've just had our first snow blizzard and a day of winds of 30 mph from all directions.

The weather here is extremely variable from bright sunshine with 'clear' blue skies to totally overcast with rain and sleet in about 15 minutes and the constant wind.

Tomorrow, I'm borrowing a BV206 for a play in the mud and lakes nearby. Perhaps you know the vehicle, two shoe boxes joined with a knuckle joint and driven on four rubber tracks, a definite go-anywhere vehicle. Should be good for a few laughs. I've only ever driven one on roads or deep snow before.

I've just received my Pants & Barks and have read your many writings with deep interest. I am currently planning to start an off-road club here with written-off Land Rovers and I was wondering if you could send me as many details on modifications and rules for trials, self and team-recovery and comp safari as you can so that I can offer up a proven set of rules as a guideline.

If all goes well we should be granted some Land Rovers on the 5th of May but we shall have to wait and see, but I won't give up. The opportunities for off-roading here are fantastic when you consider a place the size Wales with only about 3,500 people, 1500 of which are servicemen and all moor and hills just like the Brecon Beacons and only 50 miles of road!

I hope all are well in the club and Tracey has found a stand-in so that she can compete. Mick should be able to send any package through service mail but all blueys are free to BFPO addresses.

Thanks in advance for your assistance and I hope to see you in the Summer.

Cheers,

Paul Shelton-Smith.

## War of the Roses

Here's another chance to participate in that great annual inter-club challenge, the War of the Roses. The WotR is a winching / map-reading / initiative / stamina test that lasts for about seven hard-working hours. The "War" is run by the Red Rose Land Rover Club. It is now open to any ARC club, having started out as I expect you can guess, as a competition between Lancashire and Yorkshire clubs. It is now held in Cumbria!

The date is the long weekend of the 9th to 12th of July. There is an RTV on Saturday 10th; this is usually very good. (Entry fee not known at time of going to press.) The main event is on Sunday 11th. I wasn't asked to detail the team so if you want to have a go, let me know. Cost is £18 per vehicle and we need three vehicles each with two crew to make up the team. So that's only £9 per person for a long, well designed event. Winches are essential on at least two of the three vehicles. Steve Kirby has a complete Fairey engine-driven drum winch and fitting kit for a Series I, II or III LR that can be loaned for the occasion if you have a suitable vehicle but no winch. Any ARC legal vehicle will do. If you can't compete, just come along to watch anyway. It's great entertainment. The RTV on the Saturday is open to any ARC member.

For those of you who want to make a holiday of it in the lovely Lake District area of Ayside just to the south of Windermere, you may phone the camp site on 05395-31475 to make arrangements. The camp site has full facilities with hot and cold water, showers, toilets, etc. For information on the events and/or camping, please write to:-

Red Rose Land Rover Club,  
c/o Howard Blakeley,  
2 Hazel, Close,  
Bamber Bridge,  
Preston,  
LANCS PR5 6PL

Campsite:-Oak Head Caravan Site, Ayside, Cumbria.  
Map Ref:- 97 - 391838.

If you are approaching from the South, leave the M6 at junction 36. Take the A591(T) towards Kendal. After 3.4 miles, turn left onto the A590(T) towards Barrow-in-Furness. 10 miles to site. It's a very tight blind left turn into the site. There's a lay-by just beyond the entrance if you find the turn-in difficult. Look out for the Red Rose signs.

## BARBECUE , FIREWORK DISPLAY and TRIAL at Brick Kiln Farm November 5th, 6th & 7th.

We are holding a Bonfire Night Barbecue and bonfire with fireworks and RTV and CCV trial on the 5th, 6th & 7th of November at Brick Kiln Farm, near Alton, HANTS. The event will be open to all fully paid-up members of HBRO. Entries should be on an official entry form if possible. The fee is £12 in advance or £10 on the day. Payment to Gary Hodgson. (Address inside front cover.) Scrutineering will be at 9:00.a.m. and the competition will start at 10:00.a.m. prompt, so please be on time. ARC rules will apply as usual. Those in your ARC\*Yearbooks are now out of date; revised sets of rules are available now from Steve Kirby. The new ARC handbook is delayed, so consult club scrutineers for clarification. Don't forget your MOT certificate and driving licence. RTV will be a qualifying round for the "Red Leader Shield" and the "Pilot Trophy".

Please come along early on Saturday to help set out the sections and organise the barbecue. Please bring all your own stuff for Saturday night. A contribution of fireworks would be appreciated. Facilities are minimal. On the Sunday, please enrol as a marshal, we'll show you how to score if you've not done it before!

More details, site fees etc. nearer the time.

## Major's Trial Eastnor, 9th - 10th October.

Many years ago, the first ARC National Rally was run at Eastnor Castle under the watchful eye of Major Hervey Bathurst, the land owner. As a gesture of thanks, the Midland ROC gave the Major a beautiful rose bowl for his mantle-piece. After the event, he got to hear comments that the summer event was dry and easy and lacked real challenge. He was a tad annoyed by this and said "You should try it when it's cold and wet later in the year" So he threw down the challenge and arranged a trial in the rainy season and put the rose bowl forward as the trophy. Ever since then, an intentionally very difficult trial has been organised by MROC in October with the Major's rose bowl as the (returnable!) prize. It is therefore in keeping with this history that the weather is usually poor, with rain often creating slippery conditions making it very much a trial for the experienced driver. It is therefore particularly pleasing that HBRO should have once won the event under these conditions. HBRO is also the only club ever to field a team of three Range Rovers but not with the same result! Note that there are no runners-up in this classless event; it's winner take all. There are, however, additional prizes for nominated teams.

Anyone want to have a go? **We can have two teams of three vehicles with another team on reserve; depending on the size of the entry.** I'm not sure yet what the timescale will be for us to be told whether the third team can participate or not. Please let me know so that I can make the appropriate arrangements.

Steve Kirby

## Entering another club's event?

Have a good look at their SRs (Supplementary Regulations) if any. We recommend that you all carry a suitable spare wheel and tyre and paint your tow-points in a contrasting colour in accordance with RACMSA rules in case the scrutineers request it. HBRO's SRs do not require tow-points to be painted nor for CCVTs to need a spare wheel. Also check that your wheels are covered by mudguards, flares etc. and that your engine bulkhead has no holes in it. Note too that engine air intakes/filters are not permitted inside the cab.

HBRO Scrutineers

## Lend a Helping Hand

We have mentioned before that setting out a trial can be great fun. You get a whole day driving round the site for free! Try it; and take the load off some of the others who seem to do it all the time. We have the use of military sites on several occasions in 1991. It's worth giving up the chance to compete in exchange for a whole day driving around at Broxhead, Slab Common or Weaver's Down while setting out!

## Events for Your Diary

\*First Wednesday each month, Noggin & Natter at the Hind's Head, Aldermaston. (From 7:30 p.m. Plus Land Rover related videos if possible)

\*Last Wednesday each month, Noggin & Natter at the White Swan, Bank Street, Bishop's Waltham, Hants. (From 7:30 p.m.). See OS sheet 185, SU555175 approx.

\*Green-lane trips will usually be on the second Sunday of the month. See list below. If this second Sunday clashes with an HBRO trial, then it may be moved to the first or third instead. Tracey will try to book trials on dates other than the second Sunday where possible. There will be someone present to indicate rights of way on the maps. It is recommended that those involved obtain current maps of Hampshire and Berkshire, or borrow the club's set. If there is a lot of rain on the few preceding days, anticipate postponement.
