Editor's bit....

This month's newsletter includes a report about green laning around Winchester on 3rd April accompanied by a host of excellent photos. I don't have captions but those who went know who you are! One suggestion to those sending in photos, put the caption in the filename. Just remember that you may not to use \ / * : ? " < > or | in the filename, otherwise you can use up to 215 characters, some caption! That way, the information about the event shown can never get separated from the picture.

This month...

There's been a great amount of discussion on the internet / e-mail about the Single Payment Scheme whereby farmers can receive payment for agricultural land from only one source, so if they're receiving money from DEFRA, they can't use that land for anything else such as motorsport. It seems to be a complex issue and I hope there'll be some specific statement from the ARC soon.

Steve Kirby.

In order to get the newsletter to you by a reasonable time, everything must get to me by the 20th of the month absolute latest (unless you talk to me nicely!). If you are posting something to me, give me a call to let me know it's coming in case it gets delayed or mis-routed. If you have a PC, you can send articles on 3½" disc or CD (I can return the disc afterwards if needed) or by e-mail. If you send an attachment with the e-mail, please use Microsoft Word (up to version 2003), Publisher (up to version 2003), plain Text (*.txt file), or Rich Text Format (*.rtf file) preferably. Please include a brief explanatory message in the e-mail.

Thanks.

Duffett's Dirty Dottings!!!!

Welcome once again to my monthly ramblings – perhaps I shouldn't use the word ramblings as it can bring out the beast in Land Rover owners, especially those who go laning!

The Easter Rally was a bit of an anti climax in several ways. We were supposed to camp with The Phoenix Club on the Roundhills rally field but Forest Holidays Booking office (in Edinburgh) said the site was not opening on Thursday before Good Friday, so we moved the venue to another site without a rally field and subsequently found we were unable to all camp together.

Saturday's Driving day and Sunday's RTV Trial were quite well supported by our members but unfortunately the Phoenix crowd curiously decided not to take part and went off laning on both days! Nevertheless, the feeling I came away with from those I spoke to that it was a good get together although it was very cold at night.

Two Sundays later we had a trial at Steep Marsh, a very compact site that we have only used once before and that was a couple of years ago. The site is mainly on a wooded slope and this time the landowner decided he wanted us to enter from the top. This was done by cutting and clearing a downhill track through the trees. After the setter outers had finished setting the sections, the penny dropped that they had to exit up the track they had just made. This track being covered in a thick layer of leaf mould on top of slippery chalk proved to be quite a challenge with two or three refusals until Chris Homewood's "new friend" Jan showed them how to do it!

The trial itself disappointingly only had six entrants which was a shame because the ground described above caught most of us out at some stage making the scores interesting reading.

What's coming up? We have a Tyro in the middle of May and the ARC Nationals at the end. Then on 12 June we have our first Public Driving Day for some time at Slab Common where we shall need lots of help setting out and marshalling a route. If you have not done this before, don't worry we will show you how to have a great day in the fresh air.

Must go now. Time for my Horlicks and bed. Goodnight!

Chairman

Competition Sec's Update

EASTER RALLY

As Easter was early this year I was worried about wet weather, but how wrong I was. We arrived on the site to set up on the Friday only to find that it has received a lot of damage to it from a recent event. After I walked the whole site with the landowner we set about marking a route for the Drive Round Day. We started on an easy route and travelled about 400 yards in 90 minutes and abandoned the idea.

After having another look at the site and a phone call and meeting with the farmer we decided that the route was going to be a escorted drive around. Saturday dawned with another sunny day. After arriving on site we set off to check the route around the site. Ian Parker got stuck in some of the many ruts around the site and I went to tow him out and managed to bend my draglink into a "U" shape, so full left lock wheels pointing full right. Thanks very much to John Jackson for taking his drag link off of his land rover and bringing it down. (Like the pink poodle in the Renault Clio).

We had a range of novice and experienced drives on the day. The escorted drives seem to go ok and was enjoyed be all.

Also on the Saturday we set out the RTV for Sunday. The RTV on Sunday was again a good mix of novices and experienced drivers, the trial was very well set out and used the site well.

I would like to thank those who helped set out the Driving Day and the Trials.

STEEP MARSH

We had not been to Steep Marsh for a couple of years. This site is very challenging to set out and compete on, as there are many trees.

C.O.C. for the event was Paul Homewood, who set out a very good event with the help of Mike Fitzgerald, Gary White, Chris Homewood and Jan Hallam.

The entrance to the wood is very steep and caused a few problems, getting out of the site was not easy. The winner at the end of the day was David Black more who is one of our newer drivers.

Once again thank you to all the people who helped make the event run.

Coming Events:-

NELLIES DELL APRIL 30 – 2 MAY

We have three events on the programme for this weekend
April 30th CLUB ONLY DRIVE ROUND DAY Cost 15 pounds
May 1st RTV

May 2nd Gymkhana

There will be camping available for this event.

Midhurst Site clearance

The woods that we use at Neil Read farm have suffered a lot with trees blowing over. What we are aiming to do is clear some of them to give us more area to use for a RTV event later in the season. So we are having a clearance day on the sunday 8th may. The scouts that my wife is a leader with have helped clear some of the fallen trees but we need to clear some more and will be helping us on that day

Midhurst Tyro 15th May

Neil Read is hosting the tyro on the 15th may at his farm at Ingram's Green. The CoC will be Neil he would like to have help setting out the trial on Saturday starting at 10am. The trial on the Sunday will start at 10am with signing on at 8.30 am.

11th – 12th June - PUBLIC DRIVING DAY – Slab Common

The Slab Common Driving Day is well underway, but now we need members help.

We need people to set out on the Saturday and marshal the route on the Sunday. I will be Clerk of the Course and Neil Read will be Chief Marshall. The programme of the weekend will be.

SATURDAY

9.15am start setting out the course.

SUNDAY

8.30am Signing on for Marshals and Scruteneering of vehicles

9.00am Marshals Briefing

10.00am Site opens to the Public

15.30pm Site closes to the Public

15.30pm Clear Site

We will be marking out a set route, which will be easy, and non-damaging with hard sections of it, which will require a lot of work.

So if you can spare one or both days it would be a great help. If you have not helped out on one of these days before, please come along and help. We can team you up with another more experienced member.

Flyer advertising the event is down loadable.

If you could let me know if you can help it would be a great help.

MICK WOLFE CHALLENGE 2005

This years Mick Wolfe Challenge will be taking place in October. Nigel Barker will again be the main in charge for this event but he cannot start to get the event planning started without people volunteering to HELP.

Nigel has a site in mind for this event, but it anyone knows of a suitable piece of

Christmas Event

I thought that this year we may want to do something different.

The Queens at Selborne has been provisionally booked for Saturday 0 December for a buffet & Disco. Accommodation is available at The Queens there are 16 rooms at various prices. Details of prices to follow in next months magazine Please let me know your thoughts on this event as soon as possible

Regards Maureen Keen.
Social Secretary

Attached is a picture of a new disco and an old one in the snow we had in New York this weekend, you will see that the pavements are clear, that's because all property owners have to sweep them clean within 6 hours. We had around 18 inches in less than 24 hours in Manhattan. Temperature at the time of the photo was -22C

Ed Ellis

Ed sent this in January but it got lost in among a torrent of earlier e-mails, at least that's my excuse, Steve Kirby.

Green Lane trip around Winchester

3rd April 2005

T'was on a Sunday morning that we ventured on a green laning trip around the south east Winchester area using OS map Landranger 185. Ten vehicles turned up at the meeting point in Bishops Waltham and were split into 2 groups, one led by Richard Salter our Rights of Way Officer and the other lead by yours truly - just to prove that anybody can lead a group as long as you have your map marked up correctly and that you follow some simple rules. To prove another point that novices can go laning, my navigator Chris had never been laning before but at least he knew which way up the map needed to be! Even with a couple of wrong turns we had a great day out and found loads of new lanes that we had never been down before. This was also the first time that some of the other drivers had been laning as well, so lots of firsts and I think everybody enjoyed themselves.

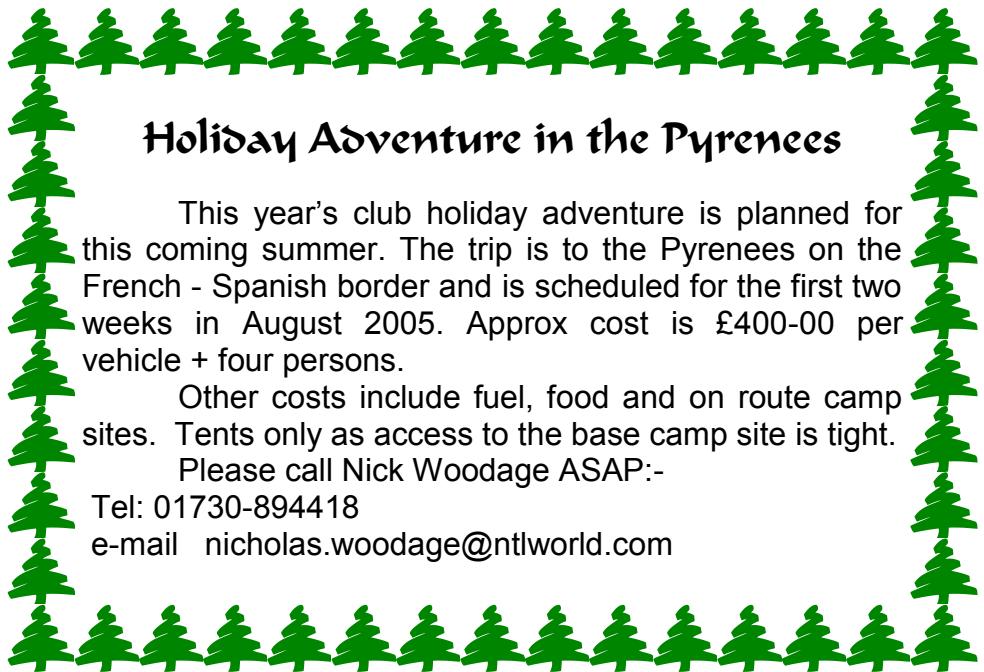

We found lots of narrow lanes, many barely wider than the vehicles and we suffered some minor paint scratches to some of the vehicles. You would think that there were enough lanes for 2 groups to not to see each other, but the inevitable happened, yes we met head on just before we stopped for lunch – fortunately the lane was short enough for the groups to pass after our group reversed back to a crossroads.

Both groups met up at lunchtime for some pub grub at a hostelry that had a large garden for the children to run around and play. Enough time was spent eating and drinking to look at the map and plan where we were going during the afternoon session. We found one lane that had a narrow entrance – it looked more like a footpath but we were sure we were on the correct route when we found wheel tracks. About 300 mtrs down the lane we found a large tree blocking the lane. We could have cut it but why do that when you can drive around it? It was a bit tight getting the long wheelbases through the trees to the side of the obstruction but it all added to enjoyment of the trip.

Of course it happened again – yes we met the first group going in the opposite direction – just at an interesting part where there was lots of mud and a hill. Road tyres, mud and the incline proved very interesting and new lines up the hill were found – some of them sideways across the ruts!

Happy laning if you decide to go out with a friend and don't forget if you want to make it a fun day out with your family and friends to check the website to find out when the next organised laning trip is.

All the best , Julian Mallard
