## Editor's bit....

The Noggin & Natter meeting on the first Wednesday of each month, at The Fox and Hounds, has currently bitten the dust due to lack of interest. If anyone wants to organise a location for interested parties, please contact Tricia.

### This month...

#### Regulars:-

- Duffett's Dirty Dottings
- Competition Secretary's Update.
- HBRO Committee Meeting Minutes from the secretary.
- Spares and Vehicles For Sale.
- Events Diary.

#### Articles:-

- Rambling around Salisbury, with photos, Julian Mallard
- Minstead club challenge.18 Sept 2005
- And a bit more...

Julian Mallard has sent in another of his excellent Rambling articles complete with photos. Now come on folks, I haven't had a competition event article with photos and results for months if not years. Last time I was at an event, (and I must admit, that was some months ago) there were plenty of cameras around, mostly digital, and I even had some promises of pictures but none arrived. Julian has shown that it isn't that hard.

Steve Kirby.

In order to get the newsletter to you by a reasonable time, everything must get to me by the 20th of the month absolute latest (unless you talk to me nicely ! ). If you are posting something to me, give me a call to let me know it's coming in case it gets delayed or mis-routed. If you have a PC, you can send articles on 3½" disc or CD (I can return the disc afterwards if needed) or by e-mail. If you send an attachment with the e-mail, please use Microsoft Word (up to version 2003), Publisher (up to version 2003), plain Text (\*.txt file), or Rich Text Format (\*.rtf file) preferably. Please include a brief explanatory message in the e-mail.

My e-mail addresses are:-

Thanks.

# Duffett's Dirty Dottings!!!!

Well, here we go again

Hello All

Well, not much seems to have happened in the Club since my last scribblings but we will have had the Summer Rally at Bowhill towards the end of August and an RTV trial on the first weekend of September by the time you read this so the calendar is still busy.

Anyway back to the past, we (the Committee) received a letter from the owners of Nelly's Dell saying due to conservation they wanted to restrict our trials area and charge a lot more money for the privilege. The Committee deliberated and I was delegated to meet with the Crisps (no, not Walkers or Nobbies) the owners of Nelly's to salt out the problem. I know I wasn't going to be flavour of the month.

Anyway the date duly arrived and I went to the meeting with Sarah riding shotgun armed with notebook and pencil. The summit turned out to be favourable for the Club as most of the demands were dropped (this was probably due to the way my second in command was holding her sharpened pencil) apart from some "no go" areas in the dell. These I will have to show whoever is going to set out the next trials and drive rounds. So all ended well and everyone was happy.

The end of July saw a camping weekend in Neil Read's back yard with a BBQ and tyro thrown in for good measure. For those of you who have not been to Neil's place, his back yard is in the middle of the countryside and is a lovely way to spend a peaceful weekend. Shame about the showers though which resulted in Roy' motor caravan having to be towed off site. Thanks for a good weekend Neil.

Last but not least, keep an eye on the calendar at the back of your mag for future events including the AGM on 22 October when most of the posts will be vacant as a lot of the Committee and Officers are not up for re-election including me. It's time for some new blood so come on and do something for your Club.

Thanks for listening/reading

Hugh Duffett  
Chairman

### Lancasters. Switzerland. Billings.

Five long years ago, I took a step back from the Land-Rover movement, and started a research programme of a cousin, who was lost on air operations, in April 1944. :So what's that to do with Land-Rovers I hear you Cry!!; let me Explain,. When as a young lad living in Droxford, I was told I had a cousin who served in the R.A.F. and was killed, Like 55,000 other aircrew. He was based at Kirmington, North Lincolnshire, 1 Group.

He with his crew are Buried in Vevey, on the shores of Lake Geneva. I visited his grave two years ago.

When I had finished researching, I closed the Book, or so I had Thought?, I was reading through a LRO mag. when my eye caught the words ;Land Rovers of Switzerland;. Soon an idea was formed, I wrote a letter to the club asking for photos of the village where the Lancaster Crashed. A letter came back from Patrick Amman Inviting me over to Switzerland , to visit Hamikon, the scene of the crash, we had a Full blown memorial, with R.A.F.A. in attendance. plus a firemans axe which came from the srickened Lancaster.

On my way home I started to think about the Hants and Berks Club, and the Land Rovers , patrick had Given me some of his clubs badges ect, so I decided I would rejoin h/b and send some of {ours} which he was very pleased With. This year OAB and I paid a visit to Billings, the First one Ive Attended in Six years, the only travelling ive done is to visit the Airfields of Lincolnshire, mainly that of 1 Group. I met up with Roy Michael and co. a great time was had by all, all except a small matter of a mosquito bite, which put a freind of ours, his little girl ended up in North hamptonshire hospital. But whilst Roy and I entered the Off-Road course, in his Discovery lost some side Capping, but a ninety that a few cars ahead blewup when water entered the breather, a Range-Rover done the same thing , but he dragged his car to the side, and throw the Knackered engine to the side of the track, replaced there and then and carried on!!) ! . As reported to us by camera crew filming the event!.

Also whilst there I visited one or two campsites of Swiss owners, and was made most welcome. Sadly whilst walking around the campsite for the morning wash, I heard a Polite young Lady of about 50ish shout to her neighbours, { Oh dear someone has pinched my sons bike, how allfully rude of them} or words to that effect, my face must have looked sunted!!! the Language that came this women, was unbelievable.!

old Hindu priverb say { Every thing has a back on it} or place it back before going to bed.

Kind regards Mike Clark

# Rambling around south west Salisbury Aug 2005

We had three Rovers willing to go rambling around Salisbury Plain one Sunday morning in August. Our meeting place was Pillarbox Hill just south of Salisbury. Only one problem – where was Richard our Rights of Way Officer who was due to lead our outing? A quick call to his mobile revealed that he has been taken ill during the week and was not going to be able to come, hope you are better now Richard and fully recovered.

So who's got a map of the area? Blank looks all round until I found my very old OS map ( pink one 1:50,000 sheet 184 ) much laughter followed – how old is that! Well we found a 1976 date on it – more importantly I had marked it up with current public rights of way from the clubs definite maps that Richard holds. It also had other older RoW marked on it that apparently are no longer available to us – moral of the story is to make sure that your map is kept up to date and old lanes are removed.

Two 90's - Roy & Sally's, Barry and Julian's SIII therefore set off in the lanes south west of Salisbury and soon found that we were going up dead ends

Coffee Break at White Sheet Hill, West of Salisbury.  
Photo by Julian Mallard

with lanes blocked of with steel bollards and we also found some very overgrown lanes. After a good lunch at a 16<sup>th</sup> Century hostelry at Rockbourne we set off across to Knap Barrow and up the Little Toyd Down. We then turned west long the Ox Drove, this was entertaining with a very narrow entrance plus it got very tight in places causing many paintwork scratches. We need more vehicles to use this unless it's going to need to have a lot of work done to it. It was much drier than the last time that I had been out that way ( January this year ) and the water near Bower Chalke was much shallower.

We got some great views from Fovant Down and Compton Down of our way back east towards Salisbury. Not being a race day the Race Course was quiet but the lane is very rutted – probably due to race course vehicles and not laners. Towards Salisbury the undergrowth is fighting back and it gets very narrow in places.

Don't forget the national green lane clearance day on the 30<sup>th</sup> October if you feel like helping to clear a local lane – look for details on the website.

Roy and Sally's 90 splashes through the shallow water along the Ox Grove.

If you want to go out laning don't forget to mark up your maps but more importantly find out where you can't go by looking at the definitive maps or contacting the local district council.
